Academy of Future Space Explorers (AFSE) was developed with NASA exclusively for Mad Science. Kids learn about our amazing universe and the objects within it, as well as how much work goes into making human space travel a reality.

Includes lessons like Sun & Stars, Living in Space, and more!

Fantastic Forces introduces concepts in physical chemistry and engineering, then connects them to their applications in real-life. Kids learn about atomic and molecular interactions, forces like gravity and inertia, and how these are used in everything from magic shows to airplane flight to building construction.

Includes lessons like Fun-damental Forces, Super Structures, and more!
