

# LITTLE VET DOG SCHOOL

*A Puptastic Adventure into Veterinary Care!*

Join the fun at Little Veterinarian School, where kids become junior vets! Each student will adopt their own plush dog to care for. They'll engage in activities like learning about vet tools, dog health, pet safety, and grooming. From treating pretend injuries and understanding tick troubles to discovering animal body language, every day is an adventure. Kids will also learn about working dogs and dog digestion. Plus, they'll create their own vet office, learn about radiology, make healthy dog treats, and perform playful pet exams. The session ends with a mini-graduation ceremony, celebrating all the new skills and knowledge. It's a pawsitively amazing experience for young animal lovers!
